Remarks: Attached is a copy of my proposed non-codeword version of the "Intelligence Planning Guidance for the 1970's". The DCI approved the codeword version on 24 August. USIB and NIRB dissemination is planned. It is requested that OS review the paper to insure that it has been sufficiently sanitized and no longer requires any codeword classification. This particular copy has been stamped "Top Secret". I would prefer to use a "Secret" classification if OS considers such would be sufficient. An expeditious reply would be appreciated.
